## SUMMER 2002

One of the most valuable publications of the Secretary of State's office is the annual *California Roster*. This treasure trove of information is utilized by people at every level of public service as well as untold numbers of individuals in the private sector.

The *California Roster* is an unmatched reference tool for identifying our state's officeholders and agencies, members of the U.S. Congress, and the county and city governments within California's borders.

Additionally, the *California Roster* provides information about California's history while, at the same time, you can find when and where city councils convene.

My staff has worked diligently to compile the most accurate information possible. Unfortunately, because the structure of government is constantly changing and evolving, it is impossible to guarantee the accuracy of data reflected in this publication. Please be assured, however, that every effort has been made to obtain the most complete, up-to-date information available at the time of our printing deadline.

In addition to the printed form, the *California Roster* is available on the Secretary of State agency website at [www.ss.ca.gov](http://www.ss.ca.gov). You might find this to be an even more accessible reference than the hard copy publication.

It is our hope that you find the *California Roster* to be accurate, complete and easy to use. Should you have any suggestions or comments, please send them to me at 1500 11th Street, 6th Floor, Sacramento, CA 95814, or e-mail me at [billjones@ss.ca.gov](mailto:billjones@ss.ca.gov).

Sincerely,

**BILL JONES**  
Secretary of State
